With the exception of Middleburg, every library over the last decade that has been built or renovated has included a dedicated teen center. LCPL has recognized the need for these spaces and we are making efforts to answer that call. With the Sterling and Brambleton branches, we have begun offering extended Friday and Saturday hours, staying open until 9pm both of those days. While not dedicated after hours teen centers, the library has received praise from the community for offering extended service hours to all ages.
