

# TED Ed Club

**Ready for an opportunity for you to get your ideas out to the world and create a real TED talk?**

Loudoun County PRCS and Loudoun County Public Libraries are partnering on a virtual TEDEd program this summer for middle school and high school students. This will be a self-paced program with guidance from teen youth leaders and adult support staff. The only requirement is that you have to show up to each session and complete all of the homework outside of the program.

TED-Ed Club's mission is to spark and celebrate the ideas of every student and educator in the world, and we're excited to welcome you on the journey! Read on to learn more about TED's global student voice initiative and how to get involved.

What exactly is the TED-Ed Student Talks Program?

- It supports students in discovering, developing and sharing their ideas in the form of TED-style talks.
- It is a space for students to explore, think critically about and discuss ideas.
- It is a platform that helps students develop presentation literacy skills, while connecting them to a global community.

The program begins Tuesday, July 7, 2020, at 1 p.m. via a virtual meeting and continues weekly through August 18, 2020. To sign up, fill out the [survey monkey form](#) or copy this link in your browser:

<https://www.surveymonkey.com/r/VJVTCLR>. Once you complete the form, you will receive a separate email and link one day before the first meeting.
