Nonprofit Organizations

Competitive Grants Program

The Human Service Nonprofit Grant Program (HSNP) is designed to leverage local funding in the most effective manner to assist the County's most vulnerable and disadvantaged residents in meeting critical health, safety, security, and independence needs. The FY 2024 Proposed Budget includes \$2,369,818 for the discretionary HSNP, which is based on the availability of funding resources and subject to a competitive process. On October 13, 2020, the Finance/Government Operations and Economic Development Committee provided guidance to fund applicants scoring 75 percent or higher in the application review process.¹ The FY 2024 Proposed Budget for the HSNP represents a 27 percent increase compared to the FY 2023 Adopted Budget. A committee of subject matter experts and the Department of Finance and Budget review the applications and develop funding recommendations to be approved by the Board of Supervisors.

In addition to the larger competitive process, the Board created a simplified grant process for mini-grants in amounts up to \$5,000. This program involves a simplified application process for any organization applying for a small grant for the purposes of capacity building or small-scale innovative ideas or projects. The budget for this program is approximately 3 percent of the total competitive grant process annually and is deducted from the total competitive process budget.

For the HSNP, the Board of Supervisors adopted broad Areas of Need categories that focus on the impact or outcomes that nonprofit programs will have on the community:

- **Prevention and Self-sufficiency:** Services focused on assisting individuals and families in becoming and/or remaining independent and stable, and providing tools, skills, strategies, and resources to individuals and families.
- **Crisis Intervention and Diversion:** Services provided to individuals and families in crisis to overcome immediate problems and reduce or prevent further penetration to more restrictive and expensive higher-level services.
- **Long-term Support:** Services that focus on assisting individuals who have continuing, long-term support needs to remain healthy, safe, and independent in the community.
- **Improved Quality of Human Services:** Services and opportunities provided to individuals, organizations, and communities that enhance the quality, accessibility, accountability, and coordination of services provided by community organizations.

Core Services Contracts

Core services providers meet the critical safety, health, transportation, and emergency shelter needs of those most vulnerable and disadvantaged in the community and are considered an arm of County Government. The Division of Procurement issues requests for proposals for healthcare services, domestic violence services, and aging and disability support services. Currently, the County holds five contracts for core services. The FY 2024 Proposed Budget includes an allocation of \$2,859,351 for these organizations.
